Well done to class 5O for the most badges this week!

Dear Parents/Carers,

It is the end of what has been a very busy half term and one that has seen us once again adapting to situations arising from Covid. I would like to praise the children for their continuing hard work and all that they have achieved this half term. A number of our staff and families have again been impacted by Covid 19 but despite this, the children have had the most impressive start to the academic year and I am really looking forward to seeing what next half term brings!

A reminder that our firework event is still planned for Thursday 4th November. All children at our school receive a free entry ticket. We are asking that adults attending have a negative lateral flow test before coming onto site for this event. Tickets will be available on the gate only as we do not have pre-sales for this event. More details will follow after half term but gates open at 6.30pm. Please note that sparklers are not permitted at our fireworks event.

I wish you all a safe and restful half term and we look forward to seeing the children on Monday 1st November

Have a good weekend.

New Parent App

I have sent a letter home about our new parent app that will be launching after half term from Weduc. Please do have a look online at the features that Weduc will be offering you. Details of your enrolment to the app will be shared with you shortly after half term. I hope you will agree that this will be an exciting platform and will move our communication forward once more between home and school.

Tendring Eldercare

Our children were invited to create cards and postcards to share with isolated and lonely elderly members of our local community. All of our entries were selected and Tendring Eldercare will be sharing these with local residents. The children's love and hope demonstrated through their posters and cards has been summarised in a story by the Clacton Gazette and can be found at <https://www.clactonandfrintongazette.co.uk/news/19658302.tendring-pen-pals-helps-hundreds-residents-isolation/>
